

Fly Away ~ Flying Version

Javier Ochoa

[Estudios Estrella] 2014

Javier Ochoa, singer and guitar player, member of different reggae projects such as Hotdrop, Blueskank and Echochamber Root Hi Fi, launches his first production created during the spring of 2014 @ **Estudios Estrella** (Madrid).

As usual, **Santiago "Puppa Shan" Mijarra** develops his wisdom on the mix by taking the best of a bare riddim in a round trip which defines a brilliant performance, plenty of complicity and dub resonances, typical from **DiscoInferno Studio**.

The track has been finished in London by **Óscar "Ojah"** from **Rollover Studios**, where it has been finally mastered. This digital release wrapped in a design by Puppa Shan available for free download.

"Fly away" is a song which suggests movement, a sober riddim supported by determined guitars and bass lines, forming a brilliant steppers onto which the nostalgic vocals by Javier Ochoa invite us to look straight to this complex present time with an optimistic need for change.

Fly Away ~ Flying Version
Composed, played & recorded by Javier Ochoa @ Estudios Estrella, 2014

Mixed by Santiago Mijarra "Puppa Shan" @ DiscoInferno Studio, Madrid.

Mastered by Óscar "Ojah" @ Rollover Studio, London.
